

Candidate for Vice President Student Council 2016-17

Mansi Gupta

About Me

I am a third year Computer Science Engineering Student and a full time extrovert, ready to jump in any situation and work out the best solution needed.

I have a long and wide range of experience in practice on Council and Committees and some of the challenging roles I have held. My work experience includes –

Member of Sponsorship Committee in Breeze 2014.

Member of Marketing Committee in Escapade 2015.

Sports Sponsorship Team member in Breeze 2015.

Class Representative of Computer Science Engineering-2017 (Section 32) in 2015.

Student Volunteer for POI visit in SNU.

About You

I aim to bridge the gap between **OUR Student Council** or Senate and the **fellow students**. I understand that university can be tough at times and hence I **will ensure that** student council is there to help and overcome all the barriers by focussing on rights and welfare of students on campus.

In order to **maintain transparency** I will ensure that **minutes of meeting** for all the senate session are sent **on regular basis**.

About Us

As Student Council Vice President I will ensure a feeling of togetherness, **culture of WE** within student council and students so that everyone is comfortable in reaching out or raising any issue. Throughout this journey I will keep in mind the integrity, responsibility, reachability, accountability and all the other abilities are met.

Thank you for taking out the time to read Cheers!
